NEW FOR 2026

TAKE CONTROL with the

**NYTRX<sup>®</sup> XV<sup>3</sup>**

We're proud to unveil our most innovative sight system yet. After receiving countless requests for a micro-adjustable vertical 3-pin, we've listened and delivered. The XV3 combines state-of-the-art technology with exceptional American craftsmanship, setting a new standard in precision and performance. Set your pins where YOU want them.

# INTRODUCING THE

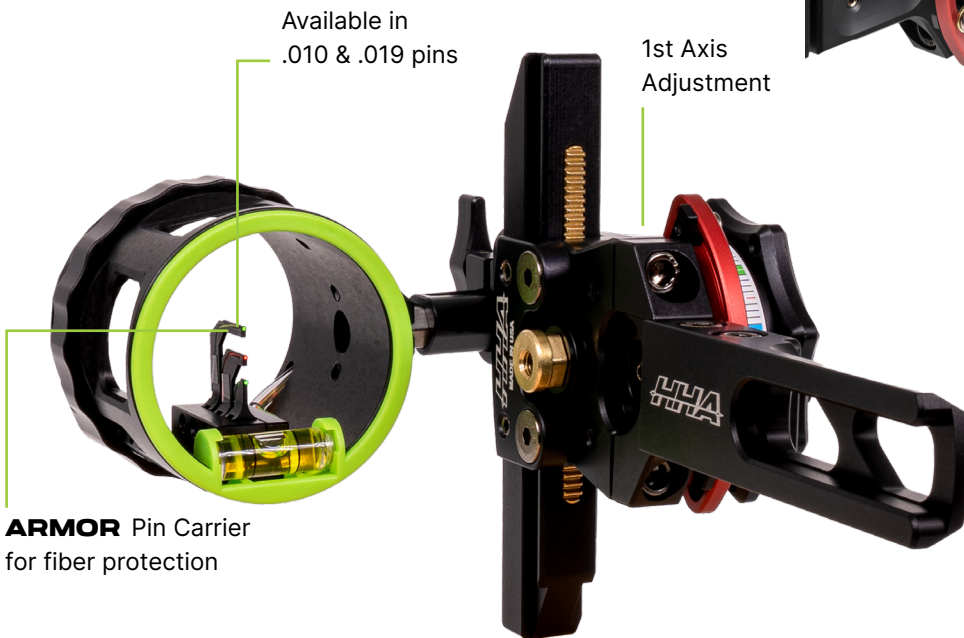

## OUR MOST ADVANCED SIGHT SYSTEM YET.

Built with direct feedback from our customers, these sights redefine customization and efficiency, giving you complete control over your set up. Want to shoot a 2 pin for whitetails but a 3 pin for elk? You no longer need two sights, the NYTRX® is your answer. Easily swap between, indicators, scopes, and frames to customize your set up.

Water Resistant  
Tapes

Interchangeable  
indicators allowing  
you to swap  
between 1, 2, 3 & 4  
indicators

Available in  
.010 & .019 pins

1st Axis  
Adjustment

**ARMOR** Pin Carrier  
for fiber protection

Mechanical rheostat for  
fiber optic brightness  
control

## NYTRX FEATURES

- Repositioned gear rack for extended range
- Two-Stage: Macro and Micro Windage Adjustments
- **RDS** (Range, Dial, Shoot): To-the-yard accuracy with a quick turn of the wheel
- 1<sup>st</sup>, 2<sup>nd</sup>, & 3<sup>rd</sup> Axis Adjustment

# INTRODUCING THE

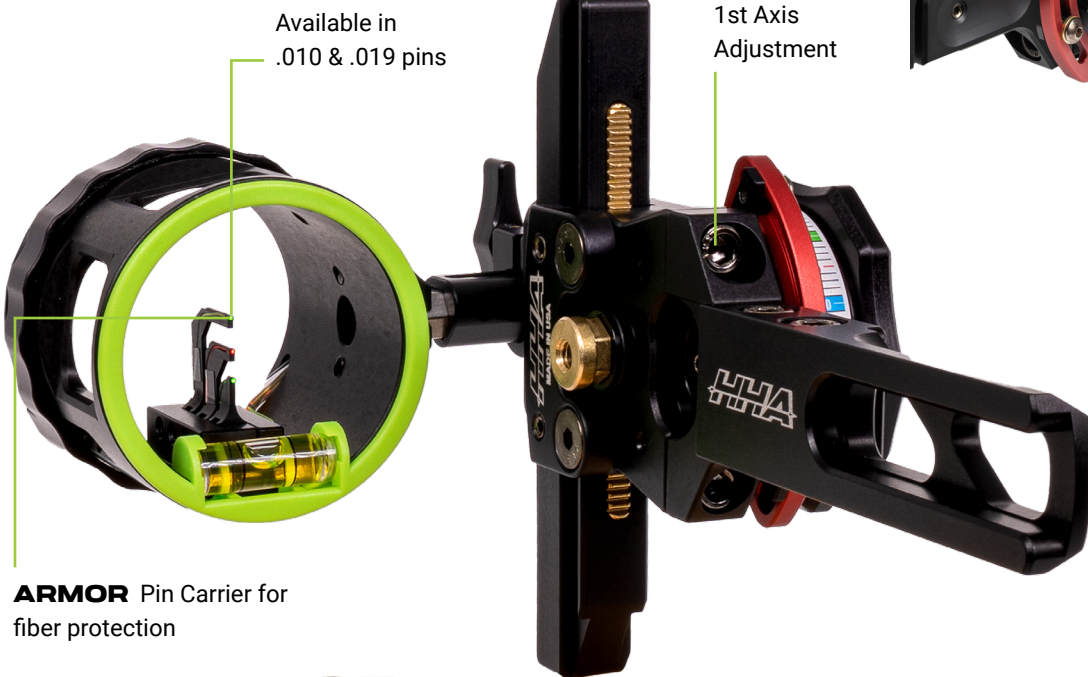

## THE BEST SIGHT WE HAVE EVER BUILT.

All the features of the NYTRX®, plus the ability to swap between yardage wheels to shoot multiple arrow setups and for ease of swapping between tapes. Looking to swap between scopes and indicators? The NYTRX PRO is the only way to go. Each NYTRX PRO comes with two yardage wheels, to seamlessly swap between your set ups.

Water Resistant Tapes

Interchangeable indicators allowing you to swap between 1, 2, 3 & 4 indicators

Available in .010 & .019 pins

1st Axis Adjustment

**ARMOR** Pin Carrier for fiber protection

Mechanical rheostat for fiber optic brightness control

## NYTRX PRO FEATURES

- Repositioned gear rack for extended range
- Two-Stage: Macro and Micro Windage Adjustments
- **RDS** (Range, Dial, Shoot): To-the-yard accuracy with a quick turn of the wheel
- Now featuring the longest sight tape sets we have ever built
- New Yardage Wheel for fast adjustments
- Two Wheels to swap between setups

# OPTIMIZER LITE X

Once mounted to the bow, the Optimizer Lite X features tool free windage and elevation adjustments. Complete with the accuracy of our patented R.D.S. sight tape technology in five yard increments, this sight is sure to boost shooter confidence from the back yard to that next trip to the treestand. Available with a choice of .010, .019 or .029 fiber and two housing diameters, you'll find out in a hurry why single pin sights have become so popular. Accepting a full line of accessories including lights, sun shades, and magnified lenses, archers can't go wrong when choosing the new and improved Optimizer Lite X.

# ACCESSORIES

Need a light for hunting in a ground blind or dense cover? Check. Running into issues mounting a quiver? We have a fix for that. Eyes not what they used to be or need a little extra magnification for your spot league? We've got you covered. And speaking of covers, we have those too. Regardless of your individual needs, you can customize your HHA sight to your liking with a wide variety of accessories.

## LYT Rechargeable Sight Light

- 3 Brightness Settings
- Rechargeable
- Compact and Low-Profile Design

## Ultraview/Dark Owl Scope Adapter

The HHA Ultraview/Dark Owl Scope Adapter allows you to adapt your Tetra sight (2020 models and newer) to be compatible with an Ultraview or Dark Owl scope. The UV-MICRO comes with the entire HHA windage system which includes a windage rod specific to any Ultraview or Dark Owl scope, an Infinite Adjust Plate, as well as a T-rail.

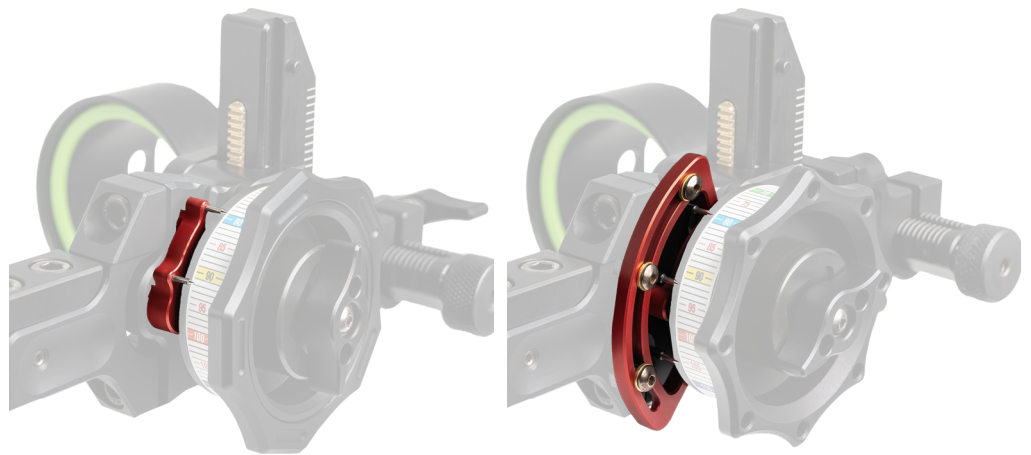

## Long Distance Sight Tapes

Compatible with all NYTRX and Tetra sights

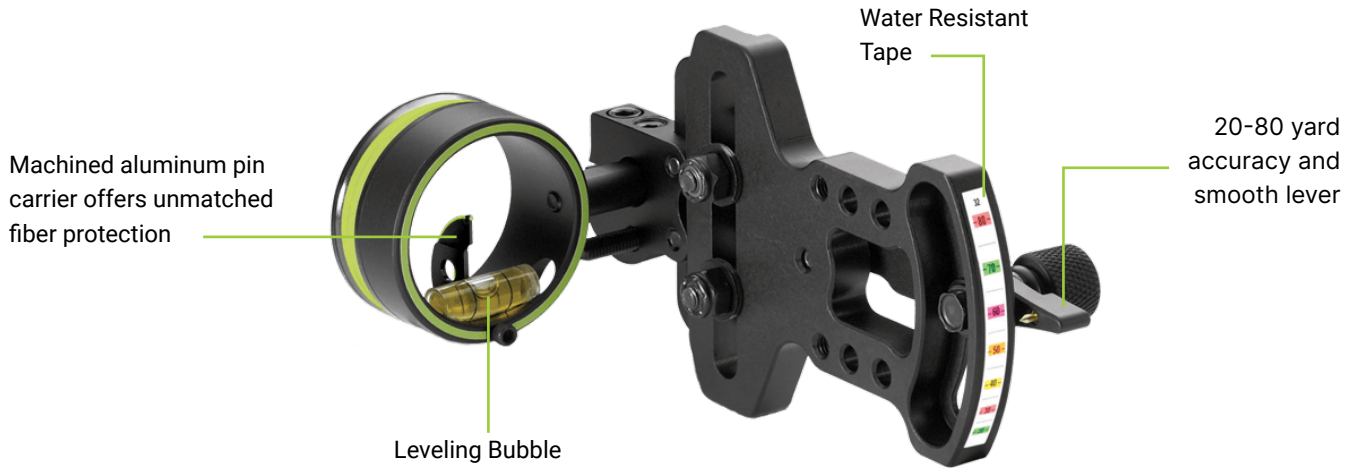

## Replacement Indicator Needles for NYTRX™ Sights

Available for  
NDL-X1  
NDL-X2  
NDL-X3  
NDL-X4

# OL-3019

A top choice for hunters and 3D shooters alike, the Optimizer Lite was the first sight in the HHA product line to feature our patented R.D.S. Sight Tape Technology. 1 5/8" scope housing is available with your choice of a single .019 or .029 pin.

# OL-CD

Compact, light weight design is ideal for youth, beginners and bowfishing.
